GENERAL PRESENTATION

The International Martial Arts and Combat Sports Scientific Society (IMACSSS), the Unione Italiana Sportpertutti Area Discipline Orientali (UISP ADO), and the Laboratorio di Ricerca Sociale - Dipartimento di Scienze Motorie e della Salute Università di Cassino, Italy, propose the **1st IMACSSS International Scientific Conference** with a focus on *Game, Drama, Ritual in Martial Arts and Combat Sports*. The Conference will take place from 8 - 10 June 2012 in Genova, Italy.

The organizers firmly believe that this initiative will provide a valuable opportunity to promote, enlarge, and strengthen the scientific community developed around the investigation of martial arts and combat sports (MA&CS). The central focus of the Conference will be the scientific interpretation of the fundamental connections among socio-cultural categories of game, drama and ritual in the context of MA&CS. These modes of interaction can be found in all kinds of sports, but, in the specific context of MA&CS, they are even richer in socio-cultural meanings than in the context of other physical activities. In fact, the analysis of these behavioral genres also applies to research in very different fields ranging from religious studies to medicine, from expressive culture to applied studies.

The Conference also will be the inaugural event of an interactive show, to be held in the same venue throughout June 2012. The show will be dedicated to the famous French painter and judoka Yves Klein, on the occasion of the fiftieth anniversary of his death.
